

SCHALTKULISSE

FERRARI
550 BARCETTA

KEY FACTS

- One of 448 550 Barchetta
- Finished in Grigio Alloy over Red leather interior
- Less than 10,000km from new

HISTORY

OUR 550 BARCHETTA

Finished in the stunning blue-ish silver shade of Grigio Alloy over a red leather interior, our 550 Barchetta was delivered new through SAMO Car S.p.A. in Italy in July 2001 to an Italian customer. Now showing less than 10,000km on the clock, our example still retains its original paint throughout the body panels. The Alcantara trim in the interior is prone to fade with time and so we decided to re-trim it in the correct type with the correct stitching by AIM in Munich, who have years of experience fabricating interiors on special limited-edition Ferrari's. The last two services were carried out as follows:

05/2015 at 9,563km by Maranello Rosso S.L. in Madrid

12/2022 at 9,912km by Officina Scuderia Gladbeck, including belts
