HISTORY

The Ferrari 488 Pista Piloti is a limited edition developed by Ferrari's Tailor Made department exclusively for Ferrari Challenge drivers. It is mechanically identical to the 488 Pista, featuring a 3.9-litre twin-turbocharged V8 producing 720 PS and 770 Nm of torque, paired with a 7-speed dual-clutch transmission and rear-wheel drive.

The Pista Piloti distinguishes itself through details derived directly from Ferrari's endurance racing program. The exterior includes a matte black lower section, tricolore stripe running along the body, and the owner's chosen race number on the doors.

Inside, the cabin is trimmed in black Alcantara with extensive carbon-fibre components. A tricolore stripe runs across the driver's seat, dashboard, and steering wheel—echoing the Italian flag motif of Ferrari's factory race cars and emphasizing its connection to the brand's GT racing division.

Available only to certified Ferrari racing clients, the 488 Pista Piloti represents one of the most exclusive derivatives of the 488 platform, combining full production-spec performance with bespoke motorsport-inspired details.

OUR 488 PISTA PILOTI

Our Pista Piloti was delivered new in Germany to its unique owner who to this day still owns the car. It was finished in Rosso Corsa with the unique Italian stripes characterizing the uniqueness of the Piloti. Totalling just over 2,500km from new, it presents in perfect condition, equipped with new tires at the time of sale as well as a fresh service carried out at Emil Frey Ferrari in Munich.

This example is especially attractive as the VAT is reclaimable, making it ideal for export outside of the European Union. Currently for sale exclusively through Schaltkulissee in Munich.
